

# Independent Retirement Planning Professional

## Tony Manfredi

Tony Manfredi grew up in Hazleton, Pennsylvania, where his lifelong passion for sports began. A standout athlete, he earned a full football scholarship to Syracuse University. After graduating, Tony moved to Colorado, where he found his true calling in education and coaching.

Tony spent 35 years as a teacher and coach, including 29 years as head football coach at Overland High School. During that time, his teams competed in three state championship games and won the 1993 title. In recognition of his impact, Tony was inducted into the Colorado High School Coaches Hall of Fame.

Tony has always viewed coaching as public service—helping young people develop discipline, confidence, and purpose. His greatest reward has been seeing former players thrive in their communities and still proudly call him “Coach.”

After retiring, Tony brought that same servant-leader mindset to financial planning at Complete Spectrum. His passion for thoughtful, detailed planning now helps clients create clear, confident retirement strategies designed to protect their future and reduce financial stress. But first and foremost, Tony's philosophy of no matter what career you choose, you're in the “People Business”. He believes success and failure in any profession or relationship always comes down to how you treat people.

Outside of work, Tony and his wife Sheila enjoy following and supporting the endeavors of their kids and grandkids. And on Friday nights in the Fall, you can find him at a high school football game. Tony is also an active member at Our Lady of Mount Carmel Catholic Church.
